J.O. Barry Walsh, Esq.,  

Dear Owen,

I was very sorry to hear of your attack of 'flu. The office staff send you a message of sincere sympathy with best wishes for a speedy recovery. You need not be in the least anxious about the letter convening those meetings as the entire Office staff met at my house on December 23rd. and a suitable alteration of the correspondence was a simple matter.

Nothing sensational was decided on at last Friday's meetings but it was agreed that an immediate appeal for A.S.D. be launched.

Wishing you all the best for the New Year.

Yours sincerely,
